

## Information for manufacturers: Product requirement BUGA mascots

### 1. Introduction:

For the German Federal Horticultural Show “Bundesgartenschau BUGA Erfurt 2021” a mascot is planned in the form of a family of watering cans. The family consists of four characters:

Father Gießbert, mother Kannelore, son Blumian and daughter Gießabella.

Currently there is a prototype of these watering cans, which was purchased in retail and finished by a local powder coater. The aim is to offer for sale a mass-produced product made of plastic, in the best case recycled plastic, and a high-quality product made of metal. A producer is being sought for this.

### 2. Sample cans:

### 3. product requirements

**Material:** High-quality can made of aluminium or comparable robust metal and mass-produced version made of plastic

**Surface:** smooth

**Capacity:** 1 litre (W 30 x D 11 x H 18 cm) and 5 litres (W 45 x D 18 x H 30 cm)

**Colour:** powder-coated for metal can/ plastic can be produced directly in the corresponding colour

**Finishing:** Digital print sticker all-round on aluminium - plastic can be displayed differently if possible, if stickers are too expensive or too complicated -> artwork is available

**Feature:** full functionality for both models

Appearance: should correspond to the sample cans - slight deviations are possible

**Delivery condition:** completely finished

**Delivery time:** arriving to 03/31/2021

#### 4. request for quotation

Offers are required for the following quantities:

##### Metall cans:

Giesbert 5l	Kannelore 5l	Blumian 1l	Giesabelle 1l	total
250	250	250	250	1000
1250	1250	1250	1250	5000
2500	2500	2500	2500	10000

##### Plastic cans:

Giesbert 5l	Kannelore 5l	Blumian 1l	Giesabelle 1l	total
1000	1000	1000	1000	4000
5000	5000	5000	5000	20000
10000	10000	10000	10000	40000
